Tuition & Black Out Days

Monthly tuition is based on **four classes per month** and is automatically billed on the **first banking day of each month**. A valid credit card or pre-authorized bank withdrawal is required for automatic monthly payments.

If fewer than four classes are scheduled due to holidays or planned closures, tuition is automatically prorated.

Occasionally, a month includes a **fifth occurrence of a particular class day** (for example, a fifth Monday). When this occurs, the fifth-class day is designated as a **Blackout Day**, and no recreational classes are scheduled on that day.

Blackout Days provide our team with dedicated time for coach training, facility maintenance, and deep cleaning, allowing us to invest in our coaches, care for our facility, and continue providing an exceptional experience for our athletes and families
